[2020CENSUS.GOV](https://2020census.gov)

### Can we count on you?

Once a each decade, the United States Census provides an opportunity to count every person living in the country. The data collected has a broad and far-reaching impact, including:

- **PREPAREDNESS:** Census counts assist local and state government officials in accurately planning for emergency preparedness and policy decisions.

Due to schedule revisions made to deal with Covid-19, September 30, 2020 is the final day that you can complete the U.S. Census. By mid-August Census Takers will interview in person households who have not yet responded to the Census. As of July, Oregon was reporting a 64.4% response rate, and Multnomah county 68.6%. You can respond online, by phone, or mail. Get involved and shape the future of your community at [2020census.gov](https://2020census.gov).
